ORANGE®

POT CARNATION

2025-2026

Order plants online!

# Our Webshop Benefits

Our easy to use webshop is made for your convenience.

- Real-time availability
- Fast order confirmations
- Adjust your orders
- Surplus sales
- Import orders via Excel
- Substitutes
- Growth Strategies

Using our webshop can save you a lot of time, because you order directly on availability and your order is confirmed within minutes. You can easily adjust your orders online.

We help you out with handy tools like providing substitutes during the ordering process, an order import tool via Excel and we provide growth strategies to optimize your production.

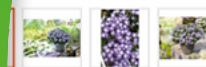

Please visit our website for more information or scan the QR code below. Here you can also apply for an account.

# About this year's Pot Carnation catalog

We are pleased to present the Dümmer Orange pot carnation assortment in this catalog. We've fine-tuned the range for you, adding new products you'll love.

**Sprint Pink Blush** and **Sprint Red Velvet** are two new colors in the Spring Festival concept. Like all varieties in this concept, they are characterized by homogeneous, rapid growth. They are easy to cultivate and have a naturally compact growth habit that requires little or no growth regulators. They are suitable for year-round cultivation and pot sizes from 10.5 cm to 12 cm.

Due to the particularly uniform cultivation conditions, all varieties in the Sprint series are suitable for mixes.

In addition to the Confetti Garden Trio mixes, we would like to introduce you to **our new Duo Mixes called Multi Color**. They consist of varieties that each have different flower colors. This makes the mixes extremely colorful and more like a trio or quartet. They are very attractive for consumers and at the same time fulfill the desire of producers and retailers for a cheaper product with two cuttings. By combining two rooted plugs, both plants develop in a harmonious and balanced way - this reduces the cultivation risk throughout the production chain and ensures reliable quality.

## Carnelia® Confetti Garden®

This Confetti Garden® collection offers a wide range of duo and trio mixes for pot carnations. It's not just about the perfectly coordinated colors and growth characteristics, but also about the right mixtures for the different areas of application. Lovely mixtures for occasions such as Valentine's Day, Easter or Mother's Day are possible, as are attractive pots at the start of the season or pretty arrangements for early summer.

# Spring Festival

LET THE YEAR START COLORFUL

## Carnelia® Spring Festival

The Spring Festival plants are characterized by uniform, rapid growth due to mutation breeding. They impress with their easy cultivation and naturally compact growth habit. They are suitable for year-round cultivation, pot sizes from 10.5 cm to 12 cm and offer countless combination possibilities. Whether colorfully planted trays, pots with different colors, or ready-made duo and trio mixes in confetti pots, there are numerous possibilities that will delight producers, retailers, and end consumers alike.

# BERRY EYES

THE BEAUTY IN VIEW

# Carnelia® Berry Eyes

The new Raspberry Eyes with its special floral pattern and playful peach tone is the perfect complement to Strawberry Eyes. Her flower pattern in unusual colors is a real eye-catcher in the range and attracts end customers who are looking for something special. The particularly enchanting flowers are color stable and have a seductive scent. Both varieties are resilient and have a naturally compact growth habit, which makes the use of growth regulators unnecessary. They are ideal for cultivation in 10.5 cm to 14 cm pots and impress with their long flowering window and good durability.

Peman

## Carnelia® Peman

The varieties from the weather-resistant Peman series are characterized by their superior tolerance for hot and cold temperatures. Their growth is extremely uniform and their requirement for growth regulators is low. They are suitable for both indoor and outdoor production. In the home, the new Peman variety truly comes into its own with its abundant, bright red semi-double flowers, creating a long-lasting display of blooms and an excellent overall shelf life. The latter is also noticeable at the POS of course.
